

2.5

Goals

- ☑ Yesterday: Input & Forms
 - Quick Overview of JIRA
 - **CSS**: The Box Model
 - Margins
 - Paddings
 - Sizing
-

Reminders

- Today is **Demo Day**
 - Talk About the **How** and **Why** of Your Work: Info CERN Website
 - Offer Your Review of the past 2-weeks
-

Reminders - 2

- Today's Session 2 will be blocked to have everyone ready for their respective Demos. **Individually** NOT as a group (*Send me a message if you have questions during this period*)
-

Reminders - 3

- Assigned Readings marked as “Required” are **NOT** optional.
 - Starting from next Wed.'s discussion/Q&A/Deep Dive, you will be required to

offer insights on readings.

Quick Guide to JIRA & Our Sprints

- Sprint 2 starts on Monday, Nov 9th
-

CSS Box Model

Done is BETTER than Perfect

- You have 5 - 10 mins
 - You answer clarifying question from the Team (if any)
-

Your Demo MUST Demonstrate an Understand of the following:

- Tracking Your Work with Git/Github
- Knowledge of the basic command-line ("cd", "ls", "mkdir", etc)
- Using an Editor (VS Code or Webstorm)
- Understanding of basic HTML Structure
- Understand of basic CSS (bonus)
